About the Club

Lost Tree Club is an exclusive club located just north of Singer Island between the Intracoastal Waterway and the Atlantic Ocean in Northern Palm Beach County.

Lost Tree Club is an exclusive member owned private club founded in 1961. Its membership has grown to an excess of 500 members.

Lost Tree Club has been recognized by other clubs as one of the 70 top rated clubs in the country with the Platinum Level distinction.

The Club operates year around with a heavy seasonal emphasis from October to mid May, and is very convenient to shopping, stadiums, I-95, beaches and an array of restaurants, clubs and attractions.

Our Member Services

Our members enjoy a host of amenities that include a Beach House, Clubhouse, 18 hole Golf Course, Health & Fitness Center, Tennis Facility, and Community Activity Center. Our new Beach House, completed in April 2008, replaces the old facility which has always been a Lost Tree fixture. Located directly on the Atlantic Ocean, the new Beach House offers a dining facility that can accommodate 225 members and guests as well as a service pick up window for members who wish to eat poolside. Members enjoy a spectacular view of the ocean as well as direct access to the beach. An infinity pool with ample lounging areas as well as beach cabanas will surely make this popular location even more so.

The Clubhouse at Lost Tree is the social center of our community with lunch, dinner, and a majority of special member events have taken place at the Clubhouse. Our 18 hole Golf Course was recently renovated by the Jack Nicklaus Group. The course remains one of the top facilities in the country. Our Health and Fitness Center is extremely active with our health conscious membership and the Spa continues to grow in popularity. Our Tennis Facility is located adjacent to the Beach House and is a very active part of Lost Tree. The Pelican House serves as a Community Activity Center with card play, art classes, yoga and many other activities to keep our members wide variety of interests satisfied.

Our Team

Richard H. Bayliss, Jr., CCM, CCE, currently serving as Chief Operating Officer and General Manager of Lost Tree Club. Rick has been recertified three times and is a member of CMAA's Honor Society. He also serves on CMAA'S National Board of Directors and is an advisory board member to the Florida PGA. Running several National International Championships including the Ryder Cup, PGA Championship, US Amateur, and British Open IFQ.

Our Clubhouse Manager, Vincent F. Pierino, III, CCM, a certified Club Manager recertified two times, has over twenty years of experience in the private club field in South Florida. His commitment to excellence and enhancing the member's experience each time they come to the Club are his first priority.

Our Executive Chef, Brian Walsh, brings not only his creative skills but also his extensive knowledge honed at some of the finest Platinum Clubs in

America. He has had the privilege to be one of the hand selected team Chefs for Masters since 1999 and the last six Ryder Cups.

Our Golf, Tennis, and Fitness Directors are all well respected professionals with a wealth of experience and have all achieved great recognition in excellence in the respective professional organizations.

Our Lost Tree team is made up of experienced professionals who are committed to enhancing the member's experience each and every day. We are looking to add similarly ambitious team members to help us achieve our goal of raising the bar of service and member satisfaction higher every year. We believe in proper training and supplying our team members with the tools that will allow them to achieve our goals.
